Bituminous Roadways, Inc. Receives Merit Award from MnDOT

MENDOTA HEIGHTS, MINNESOTA – Bituminous Roadways, Inc. was recently recognized with a Merit Award by the Minnesota Department of Transportation for work completed on Hennepin County Project 1658 in the category of County Road (Local Funds).

The Merit Award recognizes outstanding work performed by Bituminous Roadways and its staff members. Because this project was located on a busy stretch of roadway in Maple Grove (Elm Creek Boulevard), the milling and paving work had to be completed at night. While this is not out of the ordinary for Bituminous Roadways, it can result in a more challenging work environment. Overall, Bituminous Roadways milled 1.5 miles of roadway and paved 6,600 tons of new asphalt.

Bituminous Roadways, Inc. has been in business for more than 70 years with a mission of transforming the asphalt paving industry. Core competencies range from commercial asphalt installation, paving, repair and patching to concrete and seal coating. Projects include roadways and highways, parking lots, trails and pathways, athletic surfaces, and more. The corporate headquarters is located at 1520 Commerce Dr., Mendota Heights, MN. For more information, visit www.bitroads.com.
