COMPANY OVERVIEW

Bituminous Roadways, Inc. strives to be the company of choice for everything asphalt throughout the Twin Cities Metro area. For more than 70 years, BR has been an industry leader providing customers the highest quality results for all their pavement projects. We are dedicated to safety, innovation, continual improvement, environmental stewardship and most importantly, superior customer service.

BR has developed and maintained quality working relationships with many commercial-industrial firms, property managers, municipalities, school districts, architects, utility companies, general contractors, engineering firms and developers.

From commercial/industrial pothole repair to interstate highway paving, no project is too big or too small for BR. Our core competencies range from asphalt production, paving, patching and cracksealing to milling, excavating and grading of all pavement areas; including parking lots, roadways, trails/pathways, and athletic surfaces.
